

A Christmas Party 2017

Written by Lisa and Hannah (Volunteers)

The preparations for the big Christmas party at the 25th of December started on the Christmas Eve. The children practiced their acts for the party and we and the other volunteers baked German Christmas cookies together with them. In the evening we got a lot of sponsored food and the children really enjoyed it.

The big Christmas party started early in the morning. The volunteers painted the faces of the kids with water colours and after some minutes we had a lot of little reindeers running around the assembly hall.

Then the children started with their acts. They played a funny version of the Christmas story. The kids sang and danced with their teachers and the audience was very amused. The volunteers also had their little part; they sang some German Christmas songs.

Before lunch everybody enjoyed the Tombola and the cookies. Then it was time for the delicious sponsored *Pad Thai!*

Many kids left the school after they ate and went home and so the volunteers and the teachers were together had an amazing evening!

In the end of the day everybody, especially the children, was very happy and it was a nice end before they went into their holidays!

Thank you for the special Christmas,

Lisa and Hannah (volunteers)
